

Delivery

Washington Equipment will drop-ship or deliver products from our large in-stock inventory to anywhere in the United States. Local deliveries are made using our own trucks and drivers. Regional manufacturers are used when possible for the quickest and most cost-effective delivery.

Service / Repair

Our large inventory and custom product assembly will ensure a quick response to your order. Washington Equipment will install and repair most of the products we sell. Our technical staff and experienced installers will help you “keep things rolling”!
